Made 5 quarts of Huckleberry Jam (p.263 - Farm Journal Country Cookbook): 2 quarts of blueberries, 4 1/2 cups sugar, 1 teaspoon cinnamon, 1 teaspoon of allspice, 1 six-ounce jar of pectin. Boil ten minutes, remove from heat & add pectin; skim & place in hot jars. The blueberries are the remainder that I picked with John Klimkewicz this summer. No entrance hall smells wonderfully of blueberries and write this -- it smells like I have just baked a blueberry pie. and so then for this Fall I have made Currant jelly, Grape jelly, dill pickles, and now huckleberry jam. Many of these home-canned treasures I will give away as presents during the winter.

"Heavenly Father, I Appreciate You"

Heavenly Father, I appreciate you (Repeat)  
I Love you, I Adore you,  
I bow down before you,  
Heavenly Father I appreciate you.

Son of God, what a wonder you are. (repeat)  
You cleansed my soul from sin,  
Set the Holy Ghost within,  
Son of God, what a wonder you are.

Holy Spirit, what a comfort you are (repeat)  
You lead us, you guide us,  
You live right inside us,  
Holy Spirit what a comfort you are.

Pullis was very good ce. matter -- his point being, that if you have faith, every time that you "get up to bat" you have a Clean slate. Believe and every day you have a Clean slate.

Had Sunday dinner with WSP & HCRP: ham, asparagus, garden lettuce with vinegar, scalloped potatoes, WSP tomatoes.

Just as I was bunging the blueberry jam to a boil, Rev Dessel knocked on my door. Very friendly. He and a car-load of people stopped. Only Dessel & a very nice man came in -- probably a deacon. No introductions were made, although we shook hands warmly. Dessel stopped to ask me to come & see him so that we can talk about the building's future. Dessel's wife is about to give birth to twins & so they stayed only briefly. I went back to my jam -- just as Dessel & party were pulling out of the yard, I looked up & two enormous flocks of geese were flying over -- perfect V-shape -- and I watched they came into range & I heard their call. What a moment -- blueberry jam boiling in the kitchen, geese migrating overhead, and being visited by the local Baptist minister -- all on a sunny Sunday afternoon.

Neither WSP nor HCRP asked if I had done any substitute teaching yet and so I didn't bring up the subject. I will wait till they ask, that way I will know that they are interested in the topic. [nor did I tell them that I had taught at Lakeland on Friday.]

HCRP did give me today a copy of the retrograde section of last Sunday's Tribune, in which there is a picture of me and John Klimkewicz "inspecting old machine parts."

Following the tree-cutting session yesterday I erected a clothes line out back & hung my freshly washed <sup>in the Tinker Creek</sup> work clothes thereon. They didn't completely dry before dark last night and so I brought them in this afternoon. I put a few additional garments out to dry this afternoon. How I do love having a clothes line of my very own.
